IMPACT: State

Summary of Legislation: (Amended) This bill: (1) authorizes the Bureau of Motor Vehicles (BMV) to adopt rules to establish requirements for participation in the special group recognition license plate program. It specifies that when a petition containing certain information is submitted to the Bureau, the Bureau may issue to the members of the special group a special group recognition license plate;

(2) provides that the BMV may not request a list of names and addresses from special group labor unions which are prohibited by their constitution from disclosing names and addresses. It removes the requirement that a person who purchases a state educational institution trust license plate give consent for the name and address of the purchaser for the purpose of acknowledgment by the state educational institution;

(3) provides that a former Prisoner of War license plate must display, among other items, the official international wheelchair symbol;

(4) provides that a Disabled Veteran license plates must display the official international wheelchair symbol.

The bill makes conforming changes.

Effective Date: (Amended) July 1, 2001; January 1, 2002.

Explanation of State Expenditures: (Revised) (1) The impact of this provision could potentially reduce the BMV costs associated with the issuance of special group recognition license plates. It also provides for more control by the BMV of issuing special recognition license plates. The fund affected is the Motor Vehicle Highway Account which supports the BMV.

(2) This part will have no fiscal impact on the BMV.

(3) & (4) *Fiscal Impact of Prisoner of War and Disabled Veteran License Plate Changes:* This bill will require the creation of a new former Prisoner of War license plate and a new Disabled Veteran license plate to comply with the requirement of displaying the international wheelchair symbol.

There would be additional expenses for the Prison Enterprise Network (PEN Products), the manufacturing arm of prison-made products, to make these plates. Their charges to the Bureau of Motor Vehicles (BMV) would be \$2.60 per plate. The total fiscal impact will depend upon the number of plates produced. In CY 2000, there were 813 former POW license plates issued and 5,333 Disabled Veteran license plates issued. The fund affected for PEN Products is PEN Products Revolving Fund. The fund affected for the BMV is the Motor Vehicle Highway Account which supports the BMV. There will computer and accounting changes for the BMV.
